

# Nordic Weeks of space travel and space exploration 2023 In Rostock, Peenemünde, Neustrelitz and Neubrandenburg

Photo: Capt . Peter Jungnickel

# 9th Children's Space Day in Rostock Schmarl

In front of an astronaut the children built themselves.

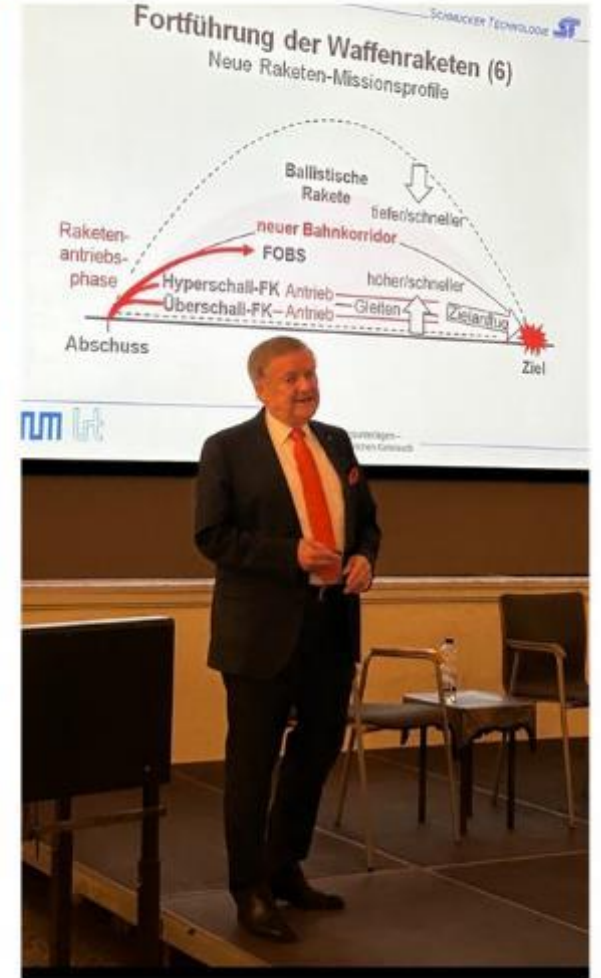

Top right: Bernd Lietzow (Rostock Astronomical Station) giving a lecture to students from the Krusensternschule Schmarl on the topic of the ISS. Photos: H. Lindner

Bottom right: Frank Koch (Chief Moon Operator of PTS Laage) explaining the artificial lunar landscape in Laage in connection with a small exhibition.

# V. Space Forum at HTM Peenemünde

The speakers, from left to right: Dr. Wolfgang Both, Dr. Reinhard Sagner, Prof. Dr. Robert Schmucker.

# Ad Astra - 2nd Rostock Starry Evening

Oktober  
19

The 2nd Rostock Star Evening, which took place this year at the Rostock Adult Education Center, was very well attended with around 60 spectators.

Capt. Peter Jungnickel led through the demanding program with the two speakers Ulrich Köhler (DLR) and Dr. Alessandro Airo (Leibniz Institute for Evolution and Biodiversity).

# 2nd story competition in Mecklenburg-Western Pomerania "Space travel in the future"

November  
16

1st place, adults: Daniel Paul Quintrell, Düsseldorf

2nd place, adults: Peter F. Kuhn, Zorneding (Bavaria)

3rd place, adults: Maximilian Wust, Grafing (Bavaria)

This year the award ceremony took place in the Rostock Central Library. In the youth category (up to 17 years old) there were the following placements: 1. Max Gregor Sobiella, 2. Hanna Lotte Grenzer, 3. Maximilian Große, all Rostock district. Initiator of the competition: Reinhold Glasl, Leipheim (Donau).

# 8th Science Evening in Neustrelitz

Cosmonaut Aimbetov visited the DLR station in Neustrelitz in the afternoon.

At the evening event in the He was then available to answer questions at the cultural quarter to Disposal. Keynote speaker there was Dr. Felix Lühning from the Planetarium Berlin Foundation (top photo, left), which is fitting to season talked about the Star of Bethlehem. Moderation: Eugene Reichl

# Excursion to Peenemünde

Joachim Saathoff drove Speakers and participants also in this Year through terrain, etc for the Test stand VII.

There was also one Visit to his museum and then a Visit in HTM.

## Photo session and get-together

Also traditional is the astronauts photo session with the fans.

Before it on Saturday with lectures started , we relaxed on Friday evening in the Badehaus restaurant and on Saturday evening in the Italy restaurant.

This year the conference took place on the first weekend of Advent and in the atrium of the Neubrandenburg Evangelical School. Around 80 interested people came.

Premiere: school  
lesson Technology

Funded by the  
BürgerStiftung  
Neubrandenburg

First time designed by Ralf, Cosma  
and Jesco Heckel from the  
International Space Education  
Institute Leipzig (ISEI). School  
lesson for 10 to 16 year olds.  
About 40 students came.

## Opening and honors

The deputy Mayor, Peter Modemann opens the conference. Surprising gift for the cosmonaut: Prof. Dr. Dr. Oliver Ullrich presents it Space Gin.

The European Space Prize “Silver Meridian” was also awarded this year; and that twice: to the DLR scientist Volker Schmid (2nd from right) and the publicist Eugen Reichl (to the left).

## Lectures on Saturdays...

Prof. Dr. Dr. Oliver  
Ullrich, UZH Zurich

Cosmonaut Aidyn Aimbetov and  
interpreter Margarita Riedel

Andreas  
Lindenthal,  
Airbus

Stefan Neumann, DLR Wessling

## ...Lectures on Saturdays

Navdeep Singh and  
Cosma Heckel, ISEI

Volker Schmid, DLR Cologne

Yvonne and Ralf Heckel, ISEI, Leipzig

and on Sunday...

Prof. Dr. Rainer Schimming,  
Greifswald

Captain Peter Jungnickel,  
Rostock

Ulrich Köhler, DLR Berlin and  
Dr. Wolfgang Both, Berlin

# Exhibitions and stands

The International Space Education Institute Leipzig showed its extensive portfolio.

For the first time Sina Rathai out of Westerkappeln, NRW .

Her passion is the graphic implementation of space objects.

## Impressions

Regular guests: Andreas Weise,  
Andreas Drexler, Maria Pflug-  
Hofmayr, Margit Drexler, as well  
as Silvia Mutterer and Lutz  
Myrrhe (large picture, from left to  
right)

Volker Schmid and Reinhard Kühn  
(bottom left).
